HOLIDAY MOVIE NIGHT

Thank you Social Committee!

"What an awesome, fun family event you all put together. This type of event is something that the children will cherish, and remember forever.

Thank you all for putting the time, effort, and energy into creating such a wonderful evening. This type of excitement and family fun is exactly what makes Waterbridge shine, and makes us all a little more proud of being part of this amazing community."

WHAT'S HAPPENING WITH THE GATE?

We are waiting on a new callbox. The new callbox is part of the myQ upgrades to make all access points more convenient. The parts are scheduled to be delivered next week and the callbox will be installed first. The upgrades will make your phone act like a traditional amenity card, no internet needed, no need to open the app, just hold your phone up to the door access pad to open.
