REMINDER TO RESIDENTS

To help keep our community spaces clean and enjoyable for everyone, please remember that we do not have full-time cleaning staff on site like a vacation resort. We appreciate everyone doing their part to tidy up after themselves!

Before leaving any common area, please:

- Wipe down tables and gym equipment after use
- Pick up any debris or personal items
- Lower and secure umbrellas
- Place all trash in the designated trash bins
- Return dumbbells and weights to their proper storage
- Put pool cues back on the rack
- Limit moving tables and chairs, this causes damage over time. If moving items, use care and return to their original positions
- The sod is new and vulnerable to damage. Please limit grass use

A few extra moments of care go a long way in keeping our amenities welcoming for all residents. Thank you for your cooperation and for being a great neighbor!

SPEED UP MYQ AT POOL GATE

Our gate contractor suggested a method to speed up the app unlocking the pool, fitness, clubhouse and kitchen doors/gates.

In the myQ community app - click on the menu top left - settings - Bluetooth - Alert Unlock (disable this) - Advanced (slide all three sliders to the far right).

GET INVOLVED IN WATERBRIDGE

Owners, the Association has several volunteer opportunities to serve on committees or help with social events.

The ARC, Traffic and Social Committees are all in need of volunteers. If you are interested in serving on one of these committees, please reach out to wmanager@waterbridgehoa.com A brief statement about the committee you are interested in and why you would be a good fit is appreciated.

In addition, the Social Committee is also looking for volunteers for single events only, not a committee member. There is no long-term commitment, day of event only, [sign up here.](#)
