SUMMER COOKOUT

Saturday, 7/18, 12:30-4pm, at the Waterbridge Pool Complex.

Food will be served from 12:30-2pm pre-signup and payment was required to receive food. DJ by Joyful Entertainment between 1-4pm at the pool. The amenities area is anticipated to be busy at this time. There are about 250 pool chairs and 400+ signed up for food, we suggest bringing extra outdoor chairs in case they are needed.

GOOSE MAN JACK

The Board is aware the goose population appears to be increasing each year, with several hundred geese estimated to have been present throughout the Waterbridge property over the past few weeks. This time of year is especially challenging because the geese are nesting, and adult geese typically do not fly during this 4-6 week period. As a result, the population remains concentrated in the area until they begin flying again.

The Board is currently evaluating Goose Man Jack, a company that provides humane goose-management services. Their method uses a brightly colored, remote-controlled device resembling a small model aircraft without wings to discourage geese from remaining in an area. Many local golf courses and condominium communities have reported success using this approach to encourage geese to relocate to nearby areas, such as Carolina Forest and beyond.

Later this week or early next week, Goose Man Jack is expected to visit Waterbridge to demonstrate this method. During the demonstration, they may operate the remote equipment in the lake buffer easement areas, or along the roads, as they work to move the geese away from the property.
