ACCENT LED LIGHTING

A question was raised at the Board meeting yesterday about home accent LED lighting/holiday lighting policy. Please note that the previous holiday lighting policy that specified the holidays for lighting was removed several months ago as it was not applicable to permanent LED accent lighting. A non-permanent holiday decor policy may be reconsidered by the Board.

BRUSH CUTTING AROUND PHASE 3 BRIDGES

Next Wednesday, July 15, the three Phase 3 bridges will be brush cut along the sides. This involves using machinery from the top deck of the bridge to reach down alongside the bridges and trim the wetland area. This may affect traffic as it will need to be one way on the bridge around the machinery. Maintenance staff will help direct traffic. Please take caution and drive slowly. After the cutting from the deck, further brush cutting will take place to trim as far under the bridges as the machinery allows.
